

**COMMISSIONER OF
AGRICULTURE ASKED
TO ATTEND MEET**

Big Meeting of Farmers' Union on Co-operative Marketing to be Held Here Next Saturday—Commissioner W. C. Hanna Invited.

On next Saturday afternoon at 2 o'clock a meeting will be held at the court house, Maysville, Ky., of all those interested in the formation of a co-operative marketing association for the selling of cream and poultry and eggs.

Plans of organization and contracts have been drawn up by the Kentucky Farmers' Union for such associations. These contracts embody all that is best in similar associations from Massachusetts to California. They have been passed upon by the foremost legal and co-operative experts in the country and pronounced as being the best ever drawn up.

While those associations are primarily for the benefit of the Farmers' Union members arrangements have been made whereby those who are ineligible for membership in this great agricultural organization can join the co-operative marketing associations.

Every man, woman and child who is interested in cows or chickens should attend this meeting as it will be of vital value to all.

Everybody in the city or county is invited and urged to come.

There will be good speeches by prominent men in agriculture activities.

Mr. W. C. Hanna, State Commissioner of Agriculture is very much interested in the work and has been invited to be present.

This is a movement organized by producers to make better returns for themselves and also give the consumer dairy and poultry products of better quality.

It is the first movement of its kind ever started in Kentucky and the people of Bracken, Robertson, Fleming, Mason and Lewis counties are especially urged to attend the meeting next Saturday afternoon.

**REAL WORK BEGINS
AT NORMAL SCHOOL**

Real class room work began at the Mason County Normal school being held in the High School building Tuesday morning. All of Monday was spent in enrollment and attending to the many little details which arise at the opening of a school of this sort. Indications are that Mason county is to have a most successful normal school this year with a very large enrollment and much interest manifested.

**SAVE WHEN THE
SAVING IS GOOD**

Slowly but surely business conditions are improving. Men laid off for long or short periods, are going back to work. Merchants and manufacturers report better business. The farmer whistles as he works for the lean year is passing and, best of all, the Association is making another payment on tobacco.

Now is the time the wise folks open savings accounts or add to the accounts they already have. BEGIN NOW TO SAVE AS THE SAVING GETS BETTER.

**HOME BREW ONLY IS
FOUND IN POLICE RAID**

Colored Women's Home in the Rear of James B. Key's Residence Raided Monday Evening—Occupants Released.

In a raid Monday evening on the property owned by Circuit Clerk James B. Key in the rear of his residence in Walnut street and occupied by Maggie Itidout and those Anderson colored women, police found 60 bottles of home-brew and a five gallon jar of brew mash.

Officers had expected to find hidden there a supply of moonshine liquor but found nothing but the brew. Both of the women were taken before Police Judge Harry C. Curan who, after a lecture, placed their cases on the open docket and released them.

Officials have considerably tightened up in the past few days and other sensational developments are expected in the near future.

Moreland Walker, aged 36, and Douglas Hailey, aged 36, colored, both of this city, were married Saturday.

**SALVATION ARMY
SERVICE FUND DRIVE
BEGUN HERE TODAY**

People of Maysville and Vicinity Are Given an Opportunity to Contribute To Financing Good Work Being Done by the Army.

When it is considered that the Salvation Army care for thousands of infants in its nurseries who know neither father or mother and never will, one can readily see the work that confronts the Blue Bonnet Lassies. We might ask: "Where do they come from?" Cities and towns.

Imagine the milk, clothing and necessities it takes to save the lives of these little ones. This is done by the Blue Bonnet Lassies for the sake of humanity. That is but one instance of their work. There are thousands living in tenement houses, cellars and attics in these hot days while the more fortunate children have every comfort.

Never Overlooks Them.

The army does not overlook them. They overlook no one that is needy.

The cares of the Army are many fold. Because of that their labors are never through. They are always alert to help, to cherish, to make happy. Because of present conditions their work has been tripled, yet they never show the least inclination to shun humanity.

Open at All Hours.

The gates are open day and night for those who are seeking a night's lodging. Some need clothing, food, and other necessities. And they get it with a willing hand, a real welcome.

The Army is also a detective in locating missing people through the War Cry. It also reconciles separated couples. It visits jails and penitentiaries where it holds services and at the same time shows the inmates right from wrong. The worst types of criminals look up to the Salvation Army Lassies. They would fight for them if need be. They look for them on Sabbath days. Join in with prayers and songs. These same Lassies have made men out of drunks. Today some of them are professional men, mechanics and the like.

Many Are Saved.

Statistics of the Army show that many a woman who had fallen is now the mother of a family and happy. And for the sole and only reason that the Blue Bonnet Lassies knew she could be saved.

Poverty and Misery.

The misery, poverty and the suffering that confronts the Salvation Army is hardly conceivable. But the army backs away from none of it. It acts quickly.

While the suffering now is not as intense as the wintry blasts, yet the demand for funds is great as told above. No matter how cold, rain, snow or sleet or at what hour of the night, if there is a call for help the army is on its toes.

And the same holds good in floods, cyclones, epidemics and catastrophes. Always to the front like they stood shoulder to shoulder with our soldier boys.

Can We Refuse?

Consider what they do for the poor on Thanksgiving and for the poor and their children Christmas days. Make many souls happy. Consider what they are doing today. Can we refuse their appeal that is now before you?

A. L. ANDREWS DROPS
DEAD AT NEWPORT.

Cincinnati, June 19. — Albert L. Andrews, 80, former president of the Newport Rolling Mill, and former treasurer of the Andrews steel plant, died suddenly today at his home here.

He was dressing himself when he was stricken with heart failure. Members of the family summoned Dr. Fred Steine, but Mr. Andrews died about 45 minutes later. He had attended church Sunday and said he was feeling fine.

He is survived by three sons, Joseph Gaff Andrews, Albert K. Andrews and Frank N. Andrews, all engaged in the steel business in Newport, and two daughters, Mrs. Margaret Tietig and Mrs. Grace Dunlap. The funeral will be held Wednesday afternoon. Burial will be in Spring Grove Cemetery, Cincinnati. Mr. Andrews retired from active business about four years ago, at which time the business was turned over to the sons.

PRESBYTERIAN WORKERS

BEGIN \$1,000,000 CAMPAIGN.
Louisville, Ky. — Field workers engaged in the movement of the Presbyterian church to raise \$1,000,000 for Christian education left headquarters for a tour through the state to complete plans for the active campaign. They will visit every Presbyterian minister in the state, discuss plans for the work and present the needs of Christian education to congregations.

Mr. and Mrs. Milton Brown, of Cincinnati, are the guests of Mr. and Mrs. A. L. Miers of East Second street.

KENTUCKY REPUBLICANS ENDORSE ANTI-LYNCHING BILL

Republican State Central Committee Adopt Resolutions Urging Passage Of a Federal Anti-Lynch Law.

At a meeting of the Republican State Central Committee, held at Louisville, Kentucky, on June 14, 1922, Hon. Ed Chenault, colored member of the committee, made a very impressive talk on the subject of lynching. His remarks were temperate but earnest. He cited recent hangings and burnings of members of his race and deplored the fact that these crimes of mob violence usually go unpunished.

At the conclusion of Mr. Chenault's talk, Hon. T. N. Hazelip, member of the committee from the First Congressional District, offered the following resolution which was unanimously adopted:

"BE IT RESOLVED by the Republican State Central Committee of Kentucky:

"First, that this committee favors the adoption by the Congress of the United States of a national anti-lynch law.

"Second, that the secretary of this committee send a copy of this resolution by mail to Kentucky Senators and Representatives in Congress."

Miss Thelma Arthur Becomes Bride of Mr. John Chenoweth Everett, Jr. At Quiet Home Wedding.

The marriage of Miss Thelma V. Arthur and Mr. John Chenoweth Everett, Jr., was solemnized Tuesday morning in the presence of the immediate families, Rev. O. C. Severs officiating. This wedding was to have been an event of next week but on account of serious illness in the bride's family, the church wedding was abandoned and the quiet affair of Tuesday morning substituted. The young couple left, for the north, immediately after the ceremony.

The bride is the charming daughter of Mrs. Phoebe Arthur and is a very accomplished young lady of pleasing qualities, white the groom, who is the son of Mr. and Mrs. J. C. Everett, is one of the city's most promising and most popular young husbands.

Their many friends join the Public Ledger in wishing them much happiness.

**MRS. NICHOLAS LONGWORTH, SR.,
IS NEAR DEATH.**

Condition of Mrs. Nicholas Longworth Sr., Cincinnati, who is seriously ill at her home, was reported unchanged Tuesday. Congressman Nicholas Longworth Jr., is at his mother's bedside, after a hurried trip from Washington.

Mrs. Longworth, who is in the seventies, has been suffering from pneumonia for weeks. Her illness became acute Monday. During her illness she broke an arm in a fall.

Mrs. Buckner A. Wailingford, a daughter, has been with Mrs. Longworth during her illness. A cablegram was sent to the Countess de Chambray, another daughter, formerly Clara Longworth, who is in Paris. She is expected to hasten to Cincinnati.

KELLOGG IN LEAD.

St. Paul, Minn., June 20. — Senator Frank B. Kellogg, Republican candidate to succeed himself, piled up a heavy lead over two opponents in the early returns from Monday's Minnesota primary.

Returns from 245 precincts out of 3438 gave:

Kellogg, 16,275; Ernest Lundeen, 7,747; Richard Titus 1,762.

Evangelist at Tent Meeting Stresses the Activity of Christians in Saving Others From Their Sins.

"Bringing the Lost to Christ," was the topic of Evangelist Howard's sermon Monday evening. His text was taken from Matthew 2:5, "When Jesus saw their faith He said unto the sick of the palsy, Son thy sins are forgiven thee."

Evangelist Howard said in part: "Every truly saved man has an ambition to bring the lost to Christ. If you do not have a desire to see souls brought to Christ, it is a pretty good evidence that you are not saved. Jesus saves us in order that we might help to get somebody else saved."

ANOTHER LEGACY

President Harding has sent to Congress an estimate for a deficiency appropriation of over \$23,000,000 for refunding income taxes illegally collected. This is a particularly aggravating holdover from the Wilson administration. After the Republicans have lowered the tax burden and cut expenditures to the bone to make them fit the decreased revenue, along comes a court decision to the effect that the Democrats collected millions of dollars in income taxes without warrant of law. Of course there is nothing to do but pay the refunds, regardless of how big a dent it may make in the annual budget. The former administration, of course, got the benefit of the illegal receipts and spent the money. Now the Republicans are not only deprived of further taxes from the same source, but must pay back the money taken in by their predecessors in office. The Republican economy program gets hit both going and coming.

COWPEAS SUPPLY BIG NEEDS OF POOR SOILS.

Lexington, Ky. — The cowpea is one of the best crops that can be grown to supply nitrogen and organic matter, the two things needed most by poor soils of Kentucky, soils and crops specialists of the College of Agriculture say. Unlike other legumes, such as alfalfa and clover, the peas make a fair growth on poor, sour soils without either lime stone or other fertilizers although a light application of lime stone and some phosphate fertilizer helps them make better growth. The peas are especially valuable as a soil improvement crop because they may be seeded by being broadcasted and therefore need no cultivation.

In using the peas for soil improvement, many farmers seed them as a catch crop after wheat, oats or rye. Seeded at this late date, the crop makes considerable vine growth which is valuable for forage and fertility but which would hardly be sufficient to mature see.

On other farms, the peas are seeded with success in the corn at the last cultivation, a bushel of seed an acre being sufficient in this case. Some farmers drill the peas in rows between the corn, this method requiring less seed and therefore being advisable when seed prices are high.

The nitrogen gathered by a ton of peas is worth about \$8 on the basis of the commercial cost of nitrogen, the specialists point out. Also the hay obtained from the peas is satisfactory feed for all classes of livestock. When the manure resulting from the feeding of the peas is returned to the soil, 20 to 30 pounds of additional nitrogen is added for each ton of peas grown.

DRAINAGE OF FARM LANDS
GETTING ADDED ATTENTION.

Lexington, Ky. — With the decrease in the cost of tile, Kentucky farmers this year have shown more interest in the drainage of their fields than they have in any one of the past three or four years, according to Earl G. Welch, farm engineering specialist of the College of Agriculture. In line with this marked interest twelve demonstrations have been arranged by the college extension division on a smany farms in eight different counties of the state to point out the value of drainage to interested persons, he said.

Warren, Madison, Rockcastle and Carroll counties each have two such demonstrations while Muhlenberg, Hart, Webster and Jefferson counties each have one. Additional demonstrations probably will be arranged in cooperation with farmers in other counties in the near future.

"It is impossible to bring soil up to the highest state of fertility without good drainage," Mr. Welch pointed out in speaking of the projects. "When land is poorly drained or not drained at all, every quality necessary for a fertile soil is either wholly or partially destroyed. Poor drainage lowers the availability of all the plant food elements by preventing the proper circulation of air through the soil and prevents good structure characterized by the 'crumbliness' that is necessary for easy working of the soil and the development of plant root systems. It also prevents the proper decomposition of organic matter and the consequent formation of compounds of nitrogen and other elements which are available as plant food."

"Heaving, or freezing out of winter crops, also is favored by poor drainage. If poorly drained land has a slope, it washes more than soil that has good underdrainage for the obvious reason that more water must be carried away by surface drainage. Many sloping lands have poor underdrainage. A striking characteristic of poorly drained soil is a tight, whitish or grayish subsoil, often containing brown or rust colored spots. The installation of tile drainage is the only remedy that can be applied to such soils."

KENTON FARMER KILLS SON AND SUICIDES.

C. H. Brooks, 65, a farmer on Hands pile, Scotts Station, seven miles back of Covington, shot and killed his son, James L. Brooks, 30, and then killed himself Monday morning.

Before he put an end to his own life the elder Brooks attempted to shoot his wife and daughter-in-law, but missed them.

Father and son had engaged in an argument over the management of their farm.

SOME FORMS OF GAS STOVES
ARE A MENACE TO HEALTH.

Some solid-top gas stoves without a flue connection are a menace to health and do not even possess the advantage of increased economy in gas consumption. The Bureau of Standards of the Department of Commerce has been investigating the principles involved in the designing of gas stoves and burners and has found that some devices which are being sold to the public as "gas savers" are in reality very dangerous articles.

One scheme which it is understood is in quite general use is to place over an ordinary gas stove designed with a grid top and without a flue, a solid metal top covering the whole area of the stove. The use of such an arrangement is said to give a larger heating surface, so that articles can be heated although not directly over the burner. Practical tests have shown that the heat is insufficient to do any cooking at all except directly over the burner and even over the burner it takes twice as long to boil a kettle of water as over an ordinary open top. The higher this closed top is above the flame the less dangerous it will be from the point of view of generating poisonous gasses, but the greater this distance is made, the less will be the heating effect.

The Bureau work shows that the main result of using any device of this kind is to cut down the heating efficiency and to produce large quantities of carbon monoxide, an extremely poisonous gas.

The Bureau wishes to gather as much information as possible about this whole problem. It requests users of these solid tops to write to the Department of Commerce concerning results secured. Address the Bureau of Standards, Department of Commerce, Washington, D. C., attention of the Gas Engineering Section.

COVINGTON SHRINERS
WAITING FOR CHARTER.

Members of the Northern Kentucky Shrine Club are awaiting word from the Imperial Temple, in session in San Francisco, relative to the granting of a charter to the proposed Ramadan Temple, Covington.

William Schabla, Covington, and Benjamin Sharpless, Bellevue, representing the El Hasa Temple, Ashland, presented the application.

When the application is granted there will be a big celebration among the local Shriners. The granting of a Shrine charter will mean the erection of a new Masonic temple at a cost of \$500,000 in Covington. This is the third time the Shrine Club has made an application for a charter.

SENATOR HALE WINS MAINE NOMINATION

Portland, Me., June 20.— Senator Frederick Hale, Republican, without making a personal campaign, won an easy victory in the state primaries yesterday. The vote cast for him was larger than the total for his two opponents, former Congressman Frank E. Guernsey, and former State Senator Howard Davies, and his plurality over Guernsey was nearly 20,000. Davies ran a poor third.

Governor Percival P. Baxter, Republican, was renominated by a plurality of 25,000 over John P. Deering, with Leon F. Higgins trailing.

SAVED FROM DEATH CHAIR.

Frankfort, Ky., June 20. — Ferdinand Sayre, who more than a year ago killed James McIlhaney, Lexington grocer, will spend the remainder of his life in prison instead of dying in the electric chair. Governor Edwin P. Morrow yesterday commuted his sentence. The governor's action was based on a plea of the 12 jurors who sentenced Sayre to death, and on the opinion of the Court of Appeals.

J. W. YERKES BETTER.

Danville, Ky., June 19. — John W. Yerkes, former United States commissioner of internal revenue, who has been ill here, today was reported much improved.

HAYMAKERS INITIATE.

There will be a Haymakers initiation at Red Men's Hall Tuesday night. Big time.
